

Introducing the all new Pacific Producer.

P500PS

P500PF

Pacific now introduces two new styles of custom built on/off highway trucks. Each truck is spec'd for your individual needs, with these improvements built into every truck:

- New easy tilt fibreglass hood
- New steel hood & fender design
- Improved visibility
- New pendulum clutch pedal
- New wiring system
- Improved steering geometry
- New radiator mounts
- Complete standardization of parts for steel and fibreglass models
- New "wrap-around" dash
- New easy access dash panels
- Reduced weight
- New cab mounts
- New mirror brackets
- New under cab exhaust
- More driver seating area
